## MCGILL FAMILY MEDICINE RESEARCH SEMINARS

## "PATIENT ENGAGEMENT IN AN INDIGENOUS CONTEXT"

## Alex McComber

:ka is from Kahnawake Territory on the St. Lawrence River. His work has involved community based participatory research around diabetes prevention and health promotion with KSDPP since 1994, more specifically around personal empowerment, community mobilization & decolonization. These experiences are being applied to his work with patient participation as equal partners in diabetes research through SPOR.
